

Information and Dates for your Diary

Please see below some diary dates for you:

Half Term 30th May to 3rd June 2022

Occasional Day 27th June 2022

End of Term Friday 21st July 2022; pupils leave at 1.30pm

Please note that all EHCP Annual Reviews will have the option to be conducted remotely via Teams or telephone or can be attended in person. A list of dates for the academic year can be found on the website.

Whole-School News

The sun was shining most days this week! Nearly everyone got muddled with their days this week after returning to start the week on Tuesday following the Bank Holiday Monday.

Educational visits are restarting now, and one class had an amazing time at Woburn Safari Park. A lot of learning at school took place outside, too.

In other news, we thought we share that on Friday 27th May, we are planning a whole-school event fit for a queen to celebrate the Queen's Jubilee.

Watch that space!

And last but not least, two new Acheeva beds arrived at school this week. They will be used to support many of our pupils with changes of position whilst still accessing their learning.

Primary

Dolphin Class:

This week we have read the story 'After the Storm' and looked at the different characters. We discussed where the animals live and made their own dens. We have looked at different sizes in Maths and some have ordered pictures. The children have listened to the story 'Jasper's Beanstalk' and planted some seeds. They have enjoyed exploring the Magic Carpet and also building in the Lego Room.

Bumblebee Class:

This week in PBL the Bumblebees have continued to explore forces. The students explored the effects of gravity on different objects around the classroom and outdoor area. In Maths the children explored weight and capacity and enjoyed weighing different foods. In Outdoor Learning, Bumblebee and Dolphin Classes enjoyed working together in the garden to find different habitats and find lots of mini beasts in the garden. In Cooking, the Bumblebees made apple crumble, and in PSHE the children continued to learn about the importance of personal space and positive relationships.

Owl Class:

The children have been working hard this week learning about push and pulls. They went for a walk around school labelling things that are pushed or pulled. They have explored wheels and axles using toy vehicles and construction toys. They found out about how travelling by air has changed over time and about the first planes. The children thought about what can be seen from the air and how we can create a simple map. In Cooking the children made tuna-pasta salad. We celebrated two birthdays this week with a 'Punch and Judy' show and lots of dancing. In Maths, the children have found one more and less than a number.

Koala Class: In Numeracy we developed our understanding of big and small numbers and shape. In Topic we developed our sound topic by exploring instruments, how they are played and how we can change the volume and pitch. In Life Skills we went for a walk to find safe and unsafe places to cross a road, which we then made into a poster. In Forest School we enjoyed making a nature birthday cake, complete with candles! In Cooking we made strawberry cheese-cake and enjoyed putting clothes on random objects in TaskMaster.

Secondary News

Wombat Class: Wombats enjoyed planting some flower seeds after all their hard work with weeding. In PSHCE they continued the work on 'Diverse Britain' and looked at why they should help our local environment and how we can help our local environment. In K&U they learnt the colour names in Spanish. In Maths, the class have been learning about money, identifying different coins. They had a fabulous day at Woburn Safari Park and were really lucky that just about all of the animals were out to play! We had two very cheeky monkeys who hitched a ride on each bus and witnessed a live 'zebra crossing'! One of the giraffes had got a bit lost and was right next to the minibus walking back to her house, and we learnt all about the skull and neck bones in the giraffe.

Hippopotamus Class:

In Maths this week, the Hippo Class have been learning about using money, including recognising coins and notes, adding money and giving the correct change. In Science, they conducted an experiment to test the properties of different materials by poking, prodding and pouring water on them (the materials, not the pupils). In Computing this week, the class have been learning about collecting data, and they had a go at designing an online form with which to collect data. In PE the students have been practicing their tennis skills.

Sea Turtle Class:

In Cooking this week, the class made some poppadums, which smelt lovely. In English, they continued to work on their debate. In K&U, they continued to work on their History topic of 'The Fire of London'. This week, we compared London of today to London in the 1600s. In PE, we joined up with the Gorillas and played some games, did some relays and played some balloon tennis. It was lovely to welcome our link Governor, Anna, to this lesson. We also worked with Gorillas again during Forest School. We played some games and then did some orienteering. In Maths, we have started a new topic—looking at data analysis and graphs. In the first lesson of the week, we looked at block graphs—how to create them and how to interpret them. We then went on to learn about tally charts. In Science, we consolidated our learning about pollination and started to learn about the process of photosynthesis.

Vaquita Class:

Another very busy week with some interesting life skills—pupils watched a demonstration video and then practised how to clean bottoms using balloons, marmite, brown sauce, wipes and tissue - lots of giggles and squirmy noises, but they had fun!

In Science, pupils have been sorting materials into magnetic and non-magnetic, using their own mini scrapheap challenge. In Geography, they also created their own mini-atmospheres to demonstrate how clouds and rain is formed—a few pictures to show how we did it—one you can try at home. In Maths, pupils practised drawing multi-data bar graphs and then used Excel to create an IT version of the same type of data.

Gorilla Class:

Gorillas had fun planting the geraniums they got at the garden centre. In PSHCE they worked on what to do in a stranger social scenario. In Maths we looked at the properties of 2D shapes and had to match the correct 2D-picture with the correct description. In Music the children enjoyed playing a range of instruments to different types of music. In Science they have been looking at the ways in which animals have adapted to suit their living environment. So far, we have learnt about camels in the desert and elephants in the savannah. In Outdoor Art, pupils have enjoyed working with 'Nature's Picture Frames', collecting and selecting different materials to frame an arrangement.

Tasmanian Devil Class:

Wow, where did this week go? We had fun in Maths looking at 2D and 3D shapes following our symmetry and reflection work. In K&U we have been looking into the history of the railways, producing impressive timelines and understanding how trains have evolved from the first Stephenson's locomotives. In Science we have been looking into the two different theories and discoveries of the solar system, geocentric and heliocentric theories, which go back to the beginning of time, and the various different theory opinions from various ideas and sources. In PSCHE we have been looking at our legal rights in democracy and what acts of parliament protect our rights and freedom. In Food Tech, we have been making some delicious Keema Naan, which went down a treat. In ICT we learnt coding.

Upper School News

Elephant Class:

This week, Elephants have been exploring addition in maths, throwing balls into a basket and counting how many they got in. They have then been totalling their score to see what they got all together. In English, they have been focusing on their spelling and sounds, as well as sharing lovely news about their bank holiday! We have been continuing our science topic of habitats, learning about local and school habitats.

Lynx Class: This week in English, we were learning about punctuation. We were learning about the use of full stops, capital letters, comma, speech marks exclamation marks and question marks. In Maths we were learning about fractions. In ASDAN, we have been putting the finishing touches to our coursework for 'Parenting Awareness', ahead of external moderation. In Cooking we made Keema Naan Bread, it was tasty! In our ASDAN FoodWise lesson, we were learning and planning to make a 'one-pot' meal from a £5 budget. We found a macaroni-cheese recipe, a pineapple-curry recipe and a nice tomato-pasta recipe. We continue to run the school tuckshop this term and have been developing our money skills this week.

Panda Class:

On Monday we had mock exams. We had fun in the library planning a revamp, and we are really excited about it! In our Food lesson we cooked naan bread, which was gross! A drama in our Drama lesson was that Eden fell over. Luckily, everyone laughed, including Eden! On Friday we enjoyed the sunshine in between working very hard in our timetabled lessons!

Lunchtime News from our MSAs

The sun was out most of the week, and it was great to see all pupils enjoying spending time outdoors. Football and games as well as clubs ensure that there are lots of options for everyone to enjoy lunchtimes!

REP News

The REP students really enjoyed playing some games this week together. UNO was a particular favourite. Some students shared computer games as well, and they all enjoyed having tea together.

NEWS

Governors News

Anna Drury, one of our Governors, visited S Class this week on her Buddy visit and wrote:

The Sea Turtles have communicated with me via email and Zoom before now, which was great. I learned loads about them all. This week was my first official in-person visit, and they are even more wonderful in real life! We have lots of shared interests, and they all know one another so well, so there is lots of good banter and support between them all, too, which is lovely to be part of. I would like to extend my thanks to the class team for including me in the session today. I would especially like to extend my thanks to the Sea Turtles and Gorillas for freeing me when I got stuck in the mud (which was often!), and for being so welcoming to me. I can't wait to come and see you all again soon, and I might even bring Stanley dog in to meet you all in real life, too!

(Unfortunately, Anna did not share any photos of herself being 'stuck in the mud'. Maybe next time; watch this space!)

What Parents & Carers Need to Know about GROUP CHATS

56

64

WHAT ARE THE RISKS?

Occurring through messaging apps, on social media and in online games, group chats are among the most popular ways that young people engage with their peers online. Involving, by definition, three or more individuals, these groups allow users to send messages, images and videos to everyone in one place. While they are useful for helping friends, people with shared interests or members of a club to communicate and coordinate activities, they can also leave young people feeling excluded and bullied – as well as providing opportunities for inappropriate content to be shared and viewed.

BULLYING

Unkind comments or images which are purposely aimed at an individual can be shared freely in a group chat – allowing and often inciting others to join in the bullying behaviour. If this content is shared in a group of their peers (especially a larger group), it serves to amplify the hurt, embarrassment, anxiety and isolation that the victim feels.

EXCLUSION AND ISOLATION

This common issue with group chats can happen in several ways: starting a new group, for instance, but deliberately excluding a certain child. Likewise, the chat may take place on an app which one child doesn't have access to, meaning they can't be involved. A child can also feel isolated when a group chat is used to discuss or share images from an event that everyone else but them attended.

INAPPROPRIATE CONTENT

Serious discussions in group chats may include inappropriate words, swearing and unsuitable images or videos. These could be viewed by your child if they are part of that group, whether they actively engage in it or not. Some chat apps have a disappearing message function, so your child may be unable to report something they've seen because it can only be viewed once or for a short time.

SHARING GROUP CONTENT

It's important to remember that – while the content of the chat is private between those in the group – individual users can easily share a message, photo or video with others outside of the group or screenshot what's been posted. The risk of something your child intended as private becoming public (and potentially going viral) is higher if there are people they don't know well in the group.

UNKNOWN MEMBERS

Within larger group chats, it's more likely your child will be communicating with people they don't really know. These strangers may be friends of the host, but not necessarily friendly toward your child. It's wise for young people not to share personal details and stay aware that they have no control over the messages and images they share after they've put them online.

NOTIFICATIONS AND FOMO

A drawback of large group chats is the sheer number of notifications. Every time someone in the group messages, your child's device will be 'pinged' with an alert: potentially, this could mean hundreds of notifications a day. Not only is this highly distracting, but young people's fear of missing out on the latest conversation results in increased screen time as they try to keep up with the chat.

74

117

Advice for Parents & Carers

CONSIDER OTHERS' FEELINGS

Group chats are often an arena for young people to gain social status. This could cause them to do or say things on impulse, which could upset others in the group. Encourage your child to consider how other people might feel if they engaged in this behaviour. If your child does upset a member of their group chat, support them to reach out, show empathy and apologise for their mistake.

PRACTISE SAFE SHARING

In any online communication, it's vital for young people to be aware of what they're sharing and who might potentially see it. Discuss the importance of not revealing identifiable details like their address, their school or photos that they wouldn't like to be seen widely. Remind them that once something is shared in a group, they lose control of where it may end up and how it might be used.

GIVE SUPPORT, NOT JUDGEMENT

Remind your child that they can confide in you if they feel bullied or excluded in a group chat. Instead of responding to the person who's upset them, validate their hurt feelings and help to put them back in control by discussing how they'd like to handle the situation. On a related note, you could also empower your child to speak up if they're in a chat where others are being picked on.

AVOID INVITING STRANGERS

Sadly, many individuals online hide their true identity to gain a child's trust – for example, to gather information on them, to exchange inappropriate content or to coax them into doing things they aren't comfortable with. Ensure your child understands why they shouldn't add people they don't know to a group chat – and, especially, to never accept a group chat invitation from a stranger.

BLOCK, REPORT AND LEAVE

If your child is in a chat where inappropriate content is being shared, advise them to block the users sending the material, report them to the host app or platform and exit the group. If any of this content could be putting a minor at risk, contact the police. Emphasise to your child that it's OK for them to simply leave any group chat that they don't feel comfortable being a part of.

SILENCE NOTIFICATIONS

Having a phone or tablet bombarded with notifications from a group chat can be a massive irritation and distraction – especially if it's happening late in the evening. Explain to your child that they can still be part of the group chat, but that it would be healthier for them to turn off or mute the notifications and catch up with the conversation at a time which better suits them.

Meet Our Expert

Dr Claire Sutcliffe is an online safety consultant, educator and researcher who has developed and implemented anti-bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian government comparing internet use and online behaviour of young people in the UK, USA and Australia.

Stevenage Day on Sunday 12th June 2022

Put Stevenage Day into your diaries. There are lots of parades and exciting activities going on all around the town. Maybe you would like to visit?

At lunchtime, there will be a flag parade. Lonsdale pupils are involved in creating one of the 10 flags with the Stevenage Creative Network.

Co-Create Film Project

Three Lonsdale pupils took part in a film project together with three other schools to create a film celebrating Stevenage's heritage and history. The film, which was produced in 3D, can be viewed at the Stevenage Museum on a specially-designed machine called 'Peppa's Ghost'. Drop in and take a look; entry to the museum is free, and there is a lot to explore!

If you are unable to visit, you can watch the film in 2D using the link below:

[HTTPS://PLAYER.VIMEO.COM/VIDEO/688868719](https://player.vimeo.com/video/688868719)

Keeping you and your children safe from infection visiting farms & petting zoo

1. VISITING A FARM OR PETTING ZOO

Visiting a farm, animal attraction or petting zoo is lots of fun, but it's important to remember that animals can carry infections that can be harmful to people. Common types of illness include infection with cryptosporidium parvum, e.coli O157 and salmonella.

All these bacteria live in the gut of the animals and infections are caused either by touching animals in the petting and feeding areas or coming into contact with animal droppings on contaminated surfaces.

These harmful bacteria can get accidentally passed to your mouth by putting hands on faces or fingers in mouths before washing them thoroughly. It only takes a small number of the bacteria to cause infection.

2. PREVENTING INFECTION

The best way to stay safe is to practice good hygiene during and after your visit.

Wash your hands thoroughly with soap and water and avoid touching your mouth

3. FOLLOW THESE DO'S AND DON'TS TO KEEP SAFE

Do 	DON'T 
DO Wash your hands thoroughly with soap and water after you have touched animals, fences, or other surfaces in animal areas	Do not put hands on faces or fingers in mouths while petting animals or walking round the farm
DO Wash your hands thoroughly with soap and water before eating or drinking	Do not kiss farm animals or allow children to put their faces close to animals
DO remove and clean boots or shoes that might have become soiled and clean pushchair wheels. Then wash your hands thoroughly with soap and water	Do not eat or drink while touching animals or walking round the farm. This includes not eating sweets, crisps or chewing gum
DO supervise children closely to ensure that they wash their hands thoroughly	Do not eat anything that has fallen on the floor
DO eat and drink in picnic areas or cafes only	Do not use gels or wipes instead of washing hands with soap and water. Gels and wipes do not remove bugs in dirt

4. IF YOU ARE PREGNANT

Pregnant women need to take particular care handling pregnant sheep or lambs as infections acquired from these animals can be harmful to them and the unborn baby

5. What to do if you are unwell after a visit

If you feel unwell or having symptoms such as being sick or diarrhoea within 2 weeks of visiting a farm - contact your GP or call NHS 111

If you have bloody diarrhoea - seek immediate emergency medical attention

Enjoy the outdoors but 'be tick aware' this Spring

1. WHAT IS A TICK?

Ticks are small, spider-like creatures that feed on the blood of animals, including people.

The size of a tick can vary, with a larva being as small as a tiny freckle, and fully fed females similar in size to a baked bean.

Tick attached to skin

Tick in the environment

2. WHERE DO YOU FIND TICKS?

Ticks live in many habitats but prefer moist areas with leaf litter or longer grass, like in woodland, grassland, moorland, heathland and some urban parks and gardens.

Ticks don't fly or jump. They wait on vegetation for a host to pass by, and then climb on.

They bite and attach to the skin and feed on blood for several days, before dropping off.

Ticks are found throughout the year, but are most active between spring and autumn

3. HOW TO AVOID TICKS

Walk on clearly defined paths to avoid brushing against vegetation

Wear light-coloured clothes so ticks can be spotted and brushed off

Use repellents such as DEET

Carry out a tick check

4. HOW TO DO A TICK CHECK

Check clothes and body regularly for ticks when outdoors and when you get home

Check children and pets as well

Areas that ticks may frequently be found include skin folds, armpits, groin, waistband area, back of the neck and hairline.

Adults are commonly bitten on the legs

Children are commonly bitten on the head or neck area

Bites can occur anywhere on the body and more than one tick can be attached at one time

5. IF YOU HAVE BEEN BITTEN

Remove ticks as soon as possible

Use a pair of fine-tipped tweezers or a tick removal tool.

Grasp the tick as close to the skin as possible and pull upwards slowly and firmly, as mouthparts left in the skin can cause a local infection

Clean the bite area and monitor it for several weeks for any changes.

Ticks can transmit bacteria that cause diseases such as Lyme disease.

Contact your GP promptly if you feel unwell with flu-like symptoms or Develop a spreading circular red rash - tell them you were bitten by a tick or have recently spent time outdoors

Tick removal with tweezers

Lyme disease bullseye rash

Learn about Language for your Deaf Child with Dr Kate Rowley

Michelle Prestidge, a family support worker from Heathlands School and Tracey Baillie, a Sign language Specialist from the Deaf and Hearing Support Service is inviting you to come and join the "Learn about Language for your Deaf Child' with Dr Kate Rowley.

Who is it for? It's aimed at families with deaf child/ren based in Hertfordshire and families of Heathlands pupils.

When: Saturday, 21st May 2022

What time: 09.30 – 11.30am

Location? Heathlands School, Heathlands Drive, St Albans, AL3 5AY and we will offer simultaneous access through Zoom.

There will be a sign language interpreter present.

Tea and Coffee provided.

This event is only for parents and carers; however, we can offer childcare places for children over 8. Please book a place.

The numbers are limited so book now to avoid disappointment!

To reserve a place - please email michelle.prestidge@heathlands.herts.sch.uk before 29th April. Please confirm if you will be attending in person at Heathlands or on Zoom – a link will be provided.

Skills for Carers

COMMISSIONED BY HERTFORDSHIRE COUNTY COUNCIL FOR
PARENTS AND CARERS AND OLDER SIBLINGS.

Caring for a loved one who is struggling with body image and/or their relationship with food can be exhausting, distressing, and disorientating. Many carers feel they have tried everything and don't know where to turn next which is why **First Steps ED** developed our 'Skills for Carers' workshop, designed to offer new skills and information to parents and carers.

SCAN ME

Four-Week Workshop Series

The 'Skills for Carers' workshops are full of practical tips, scenarios and case studies. This series is designed to help carers develop self-reflective, care-giving skills to role model confidence, compassion and courage. The aim is to offer attendees the knowledge and ability to be an important part of supporting a loved one.

The sessions will be delivered online (via Zoom) Tuesday evenings throughout May from 7.30pm until 9pm (3rd, 10th, 17th and 24th.) Following the first session, the team will close the group to ensure that the parents and carers in attendance can develop a positive peer group through the entire four-week programme.

Our 'Skills for Carers' workshops will be available monthly through to March 2023. To register for a future workshop please use the QR code to sign up.

Angels
AUTISM & ADHD SUPPORT

Stevenage Football Club would like to offer a complimentary ticket for their new North Stand to our students and of course their carer or family member to any of their home games.

I have copied a link to their fixture list: <https://www.stevenagefc.com/news/fixtures/> so if you are interested in any of those, please contact cthiele@lonsdale.herts.sch.uk

The screenshot shows the Stevenage FC website. The header is red with the club name, logo, and navigation links: News & Fixtures, Buy Tickets, Shop, Match Centre, and More. It also features logos for Prime Gaming and the EFL. The main section is titled 'Matches' with tabs for 'Fixtures' and 'Results'. A promotional banner for 'EFL FIXTURES 2021/22' is displayed, encouraging users to sync their calendar with a 'SYNC NOW' button. The banner includes a smartphone showing the fixture list and the hashtag #EFLfixtures.

INCLUSIVE ACADEMY

DANCE SCHOOL

Offering inclusive dance sessions to those who rarely get offered the opportunity to dance!

Inclusive academy aims to give people who do not always get the opportunities to enjoy music, movement, and most of all, **dance**, the time to benefit from all three in an accepting environment.

Location: Community Arts Centre, Roaring Meg, Stevenage, Hertfordshire.

When: Term time Saturdays (timetable and term dates are on our website).

For more information or to show your support, check out our website and social media!

About Carers in Hertfordshire

We are a leading charity that supports unpaid carers throughout Hertfordshire.

We are partly funded by Hertfordshire County Council and the NHS in Hertfordshire. In partnership with them and other local organisations we provide services to carers to help them with their caring role, improve their health and wellbeing, give them a break from caring and have a voice in shaping services for them.

We support carers of all ages, including children, and our services are free of charge.

Carers in Hertfordshire

The Red House, 119 Fore Street, Hertford, Herts, SG14 1AX

Tel: 01992 58 69 69

www.carersinherts.org.uk

Our support for parents and carers.

We have Involvement and Development Workers supporting carers of someone with a mental health condition or who misuses drugs or alcohol, who can provide information relevant to your caring role and can help you to speak up to those providing or planning local services.

We also:

- Give you a chance to meet and talk to other parents, carers and staff who understand;
- Give you the opportunity to represent your views to the authorities that commission and manage CAMHS (Child and Adolescent Mental Health Services) in Hertfordshire;
- Provide training and learning opportunities;
- Offer a Carers' Passport Discount Card that gives savings in shops, restaurants and other venues (contact us to apply for one today!)

SEND families

SEND DROP IN

3rd Monday in every month – 10.00 – 11.30am

Bedwell Family Centre, Unit 2-3 Bedwell Park, Stevenage, SG1 1NB

FREE bookable session

SESSION DETAILS

Are you a Parent of a Child with Special Needs?

If so you will be very welcome to attend our SEND Drop In. You will have an opportunity to discuss any concerns you may have, find out information about local support groups, meet other families. Your child does not need to have had a formal diagnosis

We can provide a friendly ear and a safe space to talk.

Children are welcome to attend with you or you can attend on your own. Children are welcome, no diagnosis needed.

HOW TO BOOK

Log onto our Eventbrite page

Contactline

 **01992 588574**
oooooooooooooooooooooooooooooooo

**A 'quick queries' service for parents, carers, and young people
(16-25) in Hertfordshire**

Please call if you would like to speak directly to an Educational Psychologist to discuss a child or young person's development, learning or emotional wellbeing, or to find out more about our service.

**From September 2020 Contactline will be available
Wednesday from 2:00pm to 4:30pm**

If you are from an Educational setting and have a query, your school has a link Educational Psychologist with whom any requests for involvement can be raised.

Cyberbullying

What is Cyberbullying and online Harassment?

- Cyberbullying is any form of bullying which takes place online.
- This can be done over smartphones, tablets, online gaming, chat rooms, social media and more.
- Online harassment is the act of sending offensive, rude and insulting messages and being abusive.
- If someone purposefully keeps sending you offensive messages that make you feel scared, it could be illegal.

Cyberbullying is NOT ACCEPTABLE

- Bullying someone whether online or offline is wrong.
- It can badly affect their mental health.
- Harassing someone and/or sending malicious or threatening messages to someone repeatedly is **ILLEGAL**.
- If you are found to be cyberbullying someone, there could be criminal consequences.

What to do if you are being cyberbullied

If someone is bullying you, here is what you can do to put a stop to it....get **SMART**.

Screenshot any nasty messages.

My privacy settings.

Avoid talking to them any further.

Report the incident on whatever site you are using.

Talk to someone (parent, carer, teacher, friend or the police if necessary).

How to cope with the effects of Cyberbullying

- You must not blame yourself. No one deserves to be treated cruelly by anyone.
- It can make you feel very upset, alone and like no one will understand or help you.
- **REMEMBER** you are not alone and there are lots of people who can help you. Make sure you tell someone and do not try to deal with this on your own.
- For confidential help and advice: NSPCC nspcc.org.uk or Bullying UK bullying.co.uk

When to tell the Police

- If you are ever threatened with physical harm, being repeatedly harassed, being sent malicious messages.
- If it's not an immediate emergency, phone **101** or use our online webchat service.
- If it is an immediate emergency phone **999**.
