Dear all

I've always been a big believer in the power of remote working, dialling into meetings and the general power of technology to do that. At the same time, I didn't think that education could be done the same way.

With just a handful of our students coming in, the way our staff have ensured that the education, community and innovation that Lonsdale stands for can continue is outstanding. We are continuing to keep a sense of normality in our students' and our own lives that is so important at the moment.

Creating a place of learning is one thing. We know we do that well. Creating a culture of learning, of a love of learning and of learning for life is another. Seeing the pictures in our newsletter of our students involved and excited for their learning despite the challenges in accessing it makes me proud of every one of our staff and students.

Thanks for all of this. Lonsdale wouldn't be the same without each and every one of you.

Stay safe.
