Notes

- The purpose of the School Council was discussed, with an emphasis on how important it was that representatives were seeking out and bringing the views and ideas of their peers to meetings.
- 30.03.2023 The School Council will be meeting with a representative from Cucina (school meal food provider) and AJM Healthcare (wheelchair services). Discussion was had about how we can express our opinions politely and also the need to be realistic when we are asking for things. A short online questionnaire has gone out to staff who should encourage those accessing AJM services to complete it.

Required
action:

- To remind class teachers about the AJM Healthcare questionnaire and to encourage as many wheelchair users as possible to complete it so their voice is heard.
