Catering and Wheelchair Services Feedback

Key points

- Introduction from Mark about his role at AGM – including his aim to work more closely with service users and their families/make appointments a nicer experience.
- Pupils had the chance to give some feedback. Most have not worked with AGM yet and were under the old provider (Millbrook).
- A questionnaire about wheelchair services had previously been sent out to classes. Very small response.
- Paul from Equans introduced himself and gave pupils an overview of his role as a site manager.
- Pupils gave Paul some feedback which included comments about the lifts being out of order at times and also school dinners.
- Paul explained that they have swapped contractors for lift repairs and are hoping that getting parts for repairs will now be easier.
- Paul explained that the catering contract is currently up for tender and he wanted to work with the new supplier to make the food at Lonsdale better.

Required
action:

- Questionnaire to be resent to classes to gather feedback which can be shared with AGM. Look at wording of questions to ensure they are clear

By who:

Miss Small to amend and resend/class teachers to complete questionnaire with their classes

Any other
business:

One pupil asked about using the MUGA for part of lunchtime. He was advised to speak to Ms Woolley as she is in charge of PE at Lonsdale.
