Information on Lonsdale's Home Learning Provision

Dear Parents and Carers,

We would like to start by saying 'Thank You' for supporting your child/children with their home learning during the first lockdown, for staying in touch, returning work and photos and for all your suggestions and feedback. Your feedback has helped us improve our home-learning provision.

The 'Student Area' remains live and is updated daily so that all pupils who are not able to be at school, who are self-isolating or cannot attend school for any other reason can continue to access daily Home Learning Plans and resources in order to continue their learning remotely.

There are individual tabs for each class. A Home Learning Plan will give instructions of how to complete the work, together with details as to how pupils should submit this work to receive feedback from their teachers. In addition, the Form Tutor's email address has been included for each class, and parents and pupils are encouraged to keep in touch with their Form Tutor on a daily basis during their absence. Although these are unusual times for us all, the staff at Lonsdale are committed to support and encourage pupils to fully participate in their learning whilst they are learning remotely.

Details of how to access the Student Area:

- Go to our website www.lonsdale.herts.sch.uk
- Click on the 'Student Area' tab towards the top right hand side of the screen
- To log on, enter username students@lonsdale.herts.sch.uk
- Enter password **Lonsdale2020** (please note, this is case sensitive)
- Click on the tab for your child's Form Group on the right-hand side
- Scroll down to find the Home Learning Plan for the day and resources below the plan
- Complete the set learning tasks and return the pupil's completed work or a photo of their work to your child's form tutor using their Lonsdale email address.

The tab “All Sorts of Things” is loaded with a wealth of resources for all ages, stages and areas of interest. You can tap into the resources in “All Sorts of Things” if you would like to do some more or different activities after you completed the Home Learning tasks you were set. These activities will be changed periodically, with new activities going up and some activities being removed. So check back there regularly! The tab “It’s good to look back” takes you to resources we had uploaded in the past for various occasions, so you can also dip into those.

During remote learning, or in the event of a school closure, it is expected that your child will be supervised. In common with holiday times, any safeguarding issues are your responsibility as parents. Should you have any concerns about the safeguarding of a child during this period you should call: 0300 1234 043, the number for Children’s Services. Any Safeguarding concerns should also be raised with Anne Smart, Lonsdale School Designated Senior Lead by email asmart@lonsdale.herts.sch.uk.

These are unusual and often worrying times for us all, however, by maintaining the children’s education we hope to maintain an element of normality and routine for our young people.

I shall be contactable at any time during the term; should you have any questions regarding our Home Learning Provision, please email me on cthiele@lonsdale.herts.sch.uk.

With kind regards,

Claudia Thiele
Deputy Headteacher
Teaching & Learning and Curriculum
